

**TOWN OF HOLLAND
CTH MH MULTI-USE TAP PROJECT
ENGINEERING
REQUEST FOR PROPOSAL**

The Town of Holland is seeking proposals for engineering related to the Town of Holland CTH MH Multi-use Project (DOT Project ID 7269-03-00/70). The project involves constructing a multi-use trail along CTH MH between Sunrise Lane and Briggs Road. A retaining wall is also planned to be constructed along the path under USH 53.

This is a federally funded project and the Town must comply with procedures set for by the WisDOT and FHWA for selection and approval of consultant services. Upon successful negotiations with the selected consultant, the Town of Holland and the Department of Transportation will enter into a Three-Party Design Engineering Services contract with the consultant.

The Town will select a consultant for this project based on the qualifications of the firm as well as work experience in the area. If interested, please respond by letter which identifies your staff and qualifications, your firm's expertise and experience, and a list of similar projects your project engineer has completed. Replies must be received by noon on June 30, 2025.

For further information or clarification, contact Marilyn Pedretti, Town Clerk at 608-526-3354 or clerk@townofhollandwi.gov.

DOT TAP Grant
Project ID#: 7269-03-00/70
Constructing Multi-use trail along CTH MH
between Sunrise Lane and Briggs Road

Narrative

County Road MH is an east-west road that connects schools, community facilities, parks/natural areas, and multiple residential neighborhoods. The Town of Holland adopted the “Holland Bicycle and Pedestrian Plan” in December 2022. Out of this plan a top priority for the township is to construct a multimodal path along County Road MH/McHugh Rd.

This project proposes to construct a separated multi-use trail along the north side of County Road MH between Sunrise Land and Briggs Road. The multi-use trail will be 10-foot wide and paved with asphalt. A retaining wall is also planned to be constructed along the path under USH 53.
